

invent **OR**

Take your concept to prototype in 90 days

and show off the finished product for a chance to receive
**a \$2,500 prototyping grant and show off the finished
product for a chance to win \$30,000 in cash prizes**

Get involved today!

What is Invent Oregon?

The Invent Oregon Collegiate Challenge is a competition for college and university innovators and entrepreneurs with ideas for inventions addressing today's most pressing problems. Through the Invent Oregon program, students receive up to \$2,500 in development grants to take their invention from an idea to a working prototype. At the Invent Oregon finals, students present their invention prototype and compete for cash prizes of up to \$30,000.

The first stop on the #RoadtoInventOR involves participating in your school's local competition. Selected students will move on to the Invent Oregon Bootcamp and Semifinals, which will take place April 23-25, 2021. The 2021 Invent Oregon Collegiate Challenge Finals will take place June 24-25, 2021.
